PROFESSIONAL EXPERIENCE

David Paul is the President of David H. Paul, Inc., a high-tech water treatment training and consulting firm. David has over 35 years of experience in advanced water treatment. He has published over 160 technical articles and papers. He has created and administers a 4,000 page, college-accredited correspondence training program, 4-semester on-campus programs and extensive on-line training programs in high-tech water treatment. He has trained over 12,000 water treatment professionals worldwide. He holds a B.S. degree in biology and an M.S. degree in microbiology. His experience includes 2.5 years as an operator, 1 year as a first level supervisor and 8.5 years as the manager of a huge membrane and distillation water treatment plant followed by over 25 years of training and consulting at hundreds of high-tech water treatment systems including brackish water and seawater municipal drinking water RO plants and industrial high-purity systems.
